

# Trephina Gorge Nature Park

Fact Sheet

Trephina Gorge, in the East MacDonnell Ranges, is noted for its sheer quartzite cliffs and River Red Gum lined watercourses. Two gorges dissect the range: Trephina, with its wide views and sandy creekbed, and John Hayes Rock Hole with steep, narrow rock walls. Water holes in this area attract much wildlife, including a diverse range of birds.

## Access

Situated 85 km east of Alice Springs, the Park is accessible to all vehicles. Access is via the sealed Ross Highway, then a 9 km drive into Trephina Gorge, the last 5 km on a gravel road.

The John Hayes Rockhole track within the Park is recommended for 4WD vehicles only. Infrequent heavy rains may cause all roads to become impassable.

## When to visit

The cooler months (April to September) are the most pleasant time to visit Trephina. During the peak visitor period (June to September), Rangers conduct guided walks and campfire talks twice a week.

## What to do

 **Camping** - Camping grounds with pit toilets, picnic tables, gas barbecues and drinking water are provided at Trephina Bluff and Trephina Gorge. Camping is only permitted in designated camping areas.

No water is provided at the John Hayes camp ground.

Camping fees are payable on site.

**Walking** - From Trephina Gorge there are a number of short walking tracks (shown on attached map). For experienced walkers there is the longer Trephina Ridge Top Walk through to John Hayes Rockhole, offering panoramic views of the surrounding ranges and wildlife of the area.

**Swimming** - Swimmers should be aware that most swimming holes are extremely cold. Prolonged exposure, even during summer, can result in hypothermia. Beware of submerged logs and rocks.

John Hayes Rockhole is a popular swimming location during warmer months. However during prolonged dry periods the waterholes at Trephina Gorge and John Hayes Rockhole can evaporate, leaving only a sandy creekbed.

Walkers planning extended walks are strongly advised to notify a friend or reliable person of your intended route and plans.

Bring a topographical map, torch, a compass and first aid kit. Please do not forget to advise of your return.

## Safety and Comfort

- Observe park safety signs.
- Carry and drink plenty of water.
- Wear a shady hat, sunscreen, insect repellent, suitable clothing and footwear.
- Avoid strenuous activity during the heat of the day.
- Consider your health and fitness when choosing a walk.
- Swim only where recommended.

## Please Remember

- Keep to designated roads and tracks.
- All historic, cultural items and wildlife are protected.
- Firewood collection is not permitted in the park.
- Fires are only permitted in designated firepits.
- Bins are not provided, please take your rubbish with you.
- Pets are not permitted in this park.
- Generators are not permitted.

Stop at the magnificent Ghost Gum, believed to be the largest in the East Macs.
